

Jesus the carpenter,
We lift up all who are
unable to find work
And those whose work
does not sustain them.
Help us embrace the
work you set before us.
May the work of all our
hands honor you,
So that like the saints
and all your blessed
servants,
We may remain with
you always.
Amen

We pray for workers around the world. May the work of their hands sustain them, honor you and bring forth comfort and peace to families and communities. We pray that all workers may be paid fairly, and treated with respect and dignity.
